Interested in local maritime history and archaeology?
Want to learn more about how to protect and preserve local heritage?

Join us on June 1 for a series of fun presentations on underwater heritage in Florida, artifacts common to underwater archaeological sites, and how to become a steward for your community’s archaeological resources!

This event is free and open to the public, but we are suggesting a $5 donation to go to the “Much Bigger World, Inc.” charity.

These presentations are a part of a two-day Submerged Heritage Monitoring Scouts workshop that includes one evening of classroom training and one day of SCUBA training on a historic shipwreck.

If you are a diver and want to attend the full workshop, please contact Nicole Grinnan at ngrinnan@uwf.edu
