Pottery Technology

DATE: November 15, 2019

TIME: 2:00 PM

LOCATION: Gambler Rogers Memorial
State Recreation Area
3100 South Oceanside Blvd
Flagler Beach, FL

Pottery was an important technology for the Timucua and other Native Floridians. While most often used for cooking and storage, pottery also reflects important cultural traditions like art and belief systems. Explore how pottery can help archaeologists understand people from the past.
