Saturday, November 12

Kids Program: Pyrotechnology, 3 pm
Explore how the Timucuan used pyrotechnology -- fire technology -- for everything from tool-making to cooking and beyond.

Adult Program: Prehistoric Weaponry and Tools, 4:30 pm
Before iron and steel, native Floridians made prehistoric weaponry and tools from shells, bone, and rocks. Explore a prehistoric toolkit and how these materials helped build canoes, hunt animals, and create art.
