Heritage Awareness Diving Seminar

Marathon, Florida       May 14–16, 2015

The Spring 2015 Heritage Awareness Diving Seminar will focus on providing Course Directors, Instructor Trainers, and Instructors with a greater knowledge of how to proactively protect shipwrecks, artificial reefs, and other underwater cultural sites. Upon completion of the Seminar, attendees will be able to teach the Heritage Awareness Specialty Course (approved by NAUI, PADI, and SDI) and will know how to promote sustainable underwater heritage tourism in their area.

The three-day seminar will include two evenings of classroom-based learning and one day of in-field dive training that provides direct experience relating to classroom discussions. A welcome meet-and-greet will be held on the evening of May 13.

Offer your students a new, in-demand specialty course

Discover opportunities in underwater heritage tourism

Course includes two shipwreck dives

Explore maritime archaeology and shipwrecks

Receive a teaching outline and all classroom modules
