This month we will highlight some of the discoveries and events from 2018. It will include the reconstruction of a Roman Mithras Temple in London; a LIDAR Study Reveals Guatemala’s Ancient Maya Cities; a Lost City in Kansas; the HMS Erebus & HMS Terror Expedition; the returning of Artifacts to their homes and the recent discovery of 3,200-year-old cheese. We will also highlight five of the 13 new World Heritage Sites.
